Potential Disruptive Activities on Campus
March 12 through March 19, 2022.

A. Art/IMM 2nd Floor Balcony: still closed to the public. Work will take place May-September.
B. Campus Solar Power Project: Updated schedule due to material delivery issues: Lot 5 is closed starting March 7, 2022. Access to BSC will be maintained. Portions of lot 4 will be closed this week for steel erection, and trenching work.
C. Metzger garage: conduit installation work associated with the Solar project in and around the ground level fenced in area.
D. Decker garage: concrete curb work will be taking place this week at the Metzger Drive road entrance. Access to and from the garage will be via L Street off of Decker Mail Room entrance area.
E. Lot 14 at Cromwell: line striping will be taking place one day for the pedestrian path project.
F. Biology Greenhouse: exterior seam taping will be taking place. A lift will be on the sidewalk along Biology.
G. Eickhoff kitchen: floor repairs will be taking place this week.
H. Ely Hall: all three bathrooms will be having Sani-Glaze installed. Also a contractor will be in this week to measure the sink counter tops and other verifiable work for the work to take place over the summer.
I. TW: door painting will be taking place at the main lounge areas.
J. Music: Rooms 12,13,15 and small hallway flooring replacement.
K. Music: fiber optic conduits will be installed in the lower level hallway and practice room.
L. Armstrong: fiber optic conduits will be installed down hallways and into the main electrical room.
M. Green Hall: the entire building is closed March 18-March20 for abatement work in the basement. There will not be any access via cards etc to the building during this work. Notices have been posted and occupants have been notified.
N. General note: mulching has started and will continue now through the spring.
